

## ADMINISTRATION OF NON-PRESCRIBED MEDICATION 2023

This form relates to the administration of non-prescribed medications at school. According to DoE policy, school staff are unable to administer non-prescribed medications including analgesics (eg. Panadol, Nurofen). We recognise some students may require this type of medication whilst at school on an irregular basis.

If this is the case for your child, please ensure your child's medical practitioner (GP) signs the appropriate section below and nominates specific medications and doses etc.

**ALL IRREGULAR MEDICATIONS MUST BE SENT TO SCHOOL IN ORIGINAL PACKAGING WITH CHILD'S DETAILS.**

Families will be contacted prior to staff administering irregular medications.

---

### Student Details

Child: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

---

### Parent Section

I \_\_\_\_\_ (Parent/Carer) authorise the administration of the following non prescribed medication/s for my child.

---
