

Stage 5 Numeracy Lesson 5: Mapping a Room

Outcome: MALS – 33MG

Resources: To draw the objects you will need paper, pens, coloured pencils, and a ruler. To cut and paste the activity you will need to cut out shapes of the objects on coloured paper, scissors and glue (then glue them onto a blank piece of paper which is the shape of your room).

Instructions: Look at a room in your house, such as the bedroom. Make a map, showing where the main things are (furniture) in that room.

Example:
