

Resource Disclaimer

This resource was developed to support learning for remote mode students normally enrolled in distance education.

Resources are updated by the teacher to ensure currency and are not designed to be stand alone, but integrated into a blended learning environment where students' learning is supported with a range of peer to peer and teacher to student interactions. These can include interactive and collaborative technologies as well as a range of traditional communication methods such as email, phone and learning management processes.

This resource may contain distance education specific content / instructions and should be adapted and differentiated by the class teacher before distributing to meet the needs of their students and recognise their students' context.

These documents have been harvested from distance education resources on March 12, 2020 to support all teachers in providing a continuity of learning for their students in the event of student absence during this difficult time.
