

Kitchen Skills – Wiping surfaces

Why is it important to wipe surfaces?

It is important to wipe surfaces because;

- They will get dirty.
- They will get sticky.
- It is part of good housekeeping.
- It helps stop the spread of disease and infections.

Different surfaces in your house.

There are many different surfaces in your kitchen you should wipe. They will get dirty everyday when you are making food for yourself. You must wipe them every day.

How to wipe surfaces.

What you will need: cloth, detergent and spray bottle

1. Fill the spray bottle with water almost to the top. Pour a small amount of detergent into the top. Put the lid on. You can use the spray bottle next time you wipe surfaces.

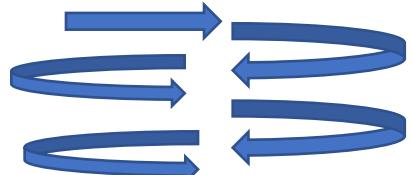

2. Wet the cloth under the tap. Squeeze it out.

3. Spray the surface all over.

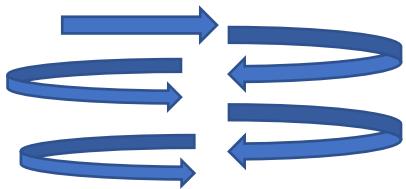

4. Wipe the surface using long motions across the surface.

5. Wet the cloth under the tap. Squeeze out. Hang to dry.
