

Fizzy Footpath Fun

Equipment:

- 1 cups bicarb soda
- ½ cup cornflour
- Water
- Food colouring
- Vinegar
- Spray/squirt bottle, small bowls/muffin tin, brushes/sponges

Instructions:

- Make your paint:
 - Mix bicarb and cornflour
 - Gradually add water, stirring until the consistency of finger paint is reached
 - Divide your mixture into small bowls or muffin tin and add food colour to each one
- Fill a spray or squirt bottle with vinegar
- Paint or drip on the footpath using brushes/sponges/spoons
- Spray or squirt with vinegar and watch it fizz!

Ideas:

- Paint letters, numbers or shapes
- Create a pattern by using alternating colours
- Draw a maze or wiggly path to follow
