

Snowflake Silhouettes

Equipment:

- Paper squares
- Scissors

Instructions:

- Fold your square in half diagonally
- Fold your triangle in half
- Use your scissors to carefully cut small pieces out of the sides of your folded triangle
- Unfold your paper to see your snowflake

Ideas:

- Make different sized snowflakes by starting with larger/smaller square of paper
- Try different types of paper – coloured, magazine pages, newspaper, brown paper, wrapping paper, baking paper, fancy papers
- Glue your snowflakes onto a coloured background
- Stick/hang your snowflakes in the window so people walking past can see them too!
